

**Contract Proposal for  
Additional Mapping Services  
for Scott County, Indiana  
February, 2004**

WTH Technology (the "Company") wishes to provide the Scott County Board of Commissioners (the "Client") with a County map that can be distributed to the public. The following defines the scope of products and services to be offered by the Company and the compensation to be paid by the Client.

**1. Summary:** The following is a summary of this proposal.

- a) The Company will create a County map using the latest digital information that can be reproduced by a printing vendor for mass reproduction.
- b) The Company will utilize the current Think Map digital information as the latest, most up-to-date digital information in creating this County map.
- c) The Company will produce the final County map and will provide the printing vendor with a digital format for printing purposes.
- d) The Company will provide the Client with a price of the overall cost for creating and printing the maps in the following amounts: 2,500, 5,000, 10,000, 15,000 and 20,000.
- e) The cost of these products and services will be broken down by the number of maps ordered as listed below in section 3.

**2. Development process:**

- a) The Company, utilizing the latest digital Think Map sources will produce a County map.
- b) The County map will display the similar features as shown in the Client's previously published County map such as; roads and water features with their corresponding names, township boundaries, cities and towns, railroads, state property boundaries, cemeteries, school, airfields and other points of interest.
- c) The completed map, including a legend, will be exported out in a digital format. (Quality control will be performed throughout the map production process).
- d) The digital data will be provided to the print vendor for reproduction.
- e) The print vendor will create a test sheet for quality control by the Company and the Client.
- f) Upon final review, the print vendor will be notified that the data is ready for reproduction at the amount specified by the Client.
- g) The print vendor will notify the Company when the product is completed, which will be around 10 days from submission of final quality controlled data to the print vendor.
- h) The Company will deliver the County maps to the Client immediately upon receipt from the print vendor.

**3. Price and Payment:** The products and services will be provided for a price of:

- a) Option 1: 2,500 paper maps: \$9,700 Payment (\$6,900 Engineering Fees+ \$2,800 Printing Cost). This includes the delivery of 2,500 County maps and the digital files that were created to produce the map. This payment is due upon receipt of the WTH invoice.
- b) Option 2: 5,000 paper maps: \$10,300 Payment (\$6,900 Engineering Fees+ \$3,400 Printing Cost). This includes the delivery of 5,000 County maps and the digital files that were created to produce the map. This payment is due upon receipt of the WTH invoice.
- c) Option 3: 10,000 paper maps: \$11,400 Payment (\$6,900 Engineering Fees+ \$4,500 Printing Cost). This includes the delivery of 10,000 County maps and the digital files that were created to produce the map. This payment is due upon receipt of the WTH invoice.
- d) Option 4: 15,000 paper maps: \$12,900 Payment (\$6,900 Engineering Fees+ \$5,900 Printing Cost). This includes the delivery of 15,000 County maps and the digital files that were created to produce the map. This payment is due upon receipt of the WTH invoice.
